Features

The Enova cooktop is the perfect blend of cutting-edge technology, sophisticated design, and maximum customization. Crafted from solid 15 mm satin-finished aluminum, it stands out for its elegant recessed knobs and interchangeable control panel and side trims, available in three premium finishes: matte black, brushed brass, and stainless steel. Powered by innovative Quantum induction technology, it guarantees high performance, reduced energy consumption, and fast, precise cooking. The cooktop features five cooking zones, each controlled via dedicated knobs, including a high-power 28 cm zone and two zones with a bridge system ideal for larger cookware. Each zone offers adjustable power levels from 1 to 9, along with dedicated functions such as Keep Warm, Rapid Heat, and BOOST. Thanks to its refined design and advanced professional functions, the Enova cooktop is the ideal choice for those seeking an appliance that combines aesthetics, performance, and top-level customization. The standard equipment includes the Enova Custom Metal Kit.
