# DESIGN OF MILANO

Milano is renowned the world over as the center of style and design. At Fulgor Milano we are inspired by this great city and its rich history of combining form and function with architecture. It is from this city which Sofia is born.

Sofia embodies a styling that is all her own, with an attention to detail and design that is unsurpassed in the industry. As it is with the Cathedral of Milano, our Sofia range stands out in a crowd. Drawing inspiration from the modern

cosmopolitan city of today, Fulgor Milano brings modern technology to the kitchen and is continuously seeking innovative solutions for our customers to allow them to achieve the best cooking experience imaginable.

# POWER

## OF ROMA

Not unlike the incredible eternal city of Roma, our Sofia products are designed to stand the test of time. A product that embodies endurance and is built on a tradition of beauty, durability, and functionality.

Roma has survived over two Millennia through evolution of design and innovation.

Fulgor Milano's passion for innovation has resulted in premium products born from a culinary culture dating back to ancient

Roma but in synergy with today's lifestyle. Every one of our Sofia products has been developed to offer a lifetime of performance in an ergonomic and comfortable design that is both elegant and simple to use.

# GUSTO OF FIRENZE

As the kitchen has once again become the center of the home over the past decade, Fulgor Milano understands our desire to incorporate appliances that meet the needs of both form and function. There are few places in the world that can boast a rich history of form, function, art and

design. Florence was the birth place of the renaissance, where Michelangelo and Leonard da Vinci sculpted and painted forms in perfect balance. It was during this renaissance that the art of cooking was born. Florence would become the birth place of gastronomy and was

the culinary center of the modern world at that time. Fulgor Milano has endeavored to incorporate all of these aspects into their cooking products. Drawing further inspiration from this great city and blending a perfect balance of quality, design and performance into every product.

# UNIQUE

## LIKE VENEZIA

There is not a more unique city in the world than Venice. A city that by modern engineering standards should not exist. A city built on the sea, that has inspired generations of visitors for centuries.

The original gateway to the east, Venice is a city whose architecture incorporates design aspects from the middle east and Asia, adding to its unique appeal. No other place influences the styling of Sofia more than Venice.

Sofia's designer, having attended the school of Architecture at the University of Venice, drew his inspiration during this time in Venice. It is only fitting that this unique city influenced the unique design of our beautiful Sofia range.

### CLASSIC BEAUTY

Sofia is a solid, generously sized freestanding range with a clean and rigorous style. Designed, developed and engineered in Italy to exceed all expectations of quality, performance and style. Sofia will captivate the most discerning chef with nuanced features that are traditional yet innovative.

# SOFIA PROFESSIONAL

**FULGOR**  
MILANO

## SOFIA IS AN INDIVIDUAL

We designed a professional range with a style and presence unique to her name. Sofia integrates the use of stainless and brushed aluminum for a design that is elegant and distinctive.

## TOTAL CONTROL AND DELICATE POWER

Every aspect of Sofia is beautiful and her gas cooking surface is no exception. Every burner allows you to temper the most delicate chocolate or sear a steak to perfection.

## TOTAL ACCESS AT YOUR FINGER TIPS

Choose multiple baking functions, timed bake, meat probe, and a variety of other customizable settings and baking features.

## PROFESSIONALLY CRAFTED

This multifunction range, combines all the features of a fully-equipped professional range with a stainless steel design which highlights the elegance and uniqueness of Italian style.

## TRILAMINATE GRIDDLE

As if 6 powerful burners wasn't enough, the addition of a Trilaminate griddle allows additional versatility to the cooking surface. With 11,500 BTU's of even heat, Sofia sears with conviction and the easy to care for surface will be beautiful for its entire lifetime.

## CAST IRON GRATES AND MATTE BURNER BASIN

Heavy duty cast iron grates form a continuous surface for easy movement of pots and pans. You'll barely notice spillovers in this recessed burner basin and they'll clean up easily, too.

## DUAL BURNER WITH BRASS BURNER RING

For perfect control, easy cleaning, and lasting performance, the brass burner ring and the precision flame ports remain corrosion free.

## ROBUST CONTROL KNOBS

A perfect match for the bold design of the control panel, robust brushed metal knobs ensure easy handling and precise control while cooking.

**FULGOR**  
MILANO

# 5*in*1

## CRESCENDO BURNER

Because precision is important for powerful high and gentle low flames, our sealed burners offer five combinations of flame configurations for near infinite control. Durable brass burner rings provide exceptional heat distribution to the base of the cooking vessel at its maximum output of 20,000 BTU and is also capable of the gentlest simmer aided by its oversized burner cap.

### FORTE

1

At the peak of its 20,000 BTU capability, meat is seared to produce a crust worthy of your favorite chef. Large pots quickly recover to a rigorous boil, and no culinary conquest seems unattainable. All burner rings engage to produce the most powerful flame for cooking.

### MEZZOFORTE

2

Perfect al dente pasta is a snap. Progressive control of the burner ensures maximum heat distribution without excessive flame for an even and moderate boil.

### MEZZO

3

Creamy risotto and smooth custards come to life as the burner rings combine to provide enough heat to encourage the cooking but discourage scorching.

### PIANOFORTE

4

Simmer, poach, or braise your way to a tender sauce, soup or stew. Flame curls around the diffuser cap to barely brush the base of the cooking vessel with perfect control for extended periods of low heat cooking.

### PIANO

5

Melt butter, temper chocolate, or gently coax the flavor from savory vegetables, this lowest setting is achieved by the flame from the simmer burner rolling gently under the diffuser cap to radiate whisper soft heat.

# 48" DUAL FUEL PROFESSIONAL RANGE

THE ART OF COOKING EXPANDED

**FULGOR**  
MILANO

Thoughtfully designed surface cooking with six burner positions, each with a 5 in 1 Crescendo burner beneath continuous cast iron grates and a Trilaminate Stainless Steel griddle, providing unparalleled power and control to melt, simmer, saute, and sear as you desire. Below the cooking surface, two self cleaning convection ovens with intuitive multiple baking and broiling functions and the convenience of telescoping racks encourages you to cook the way you want.

# 48" DUAL FUEL

## PROFESSIONAL RANGE CHARACTERISTICS

### TRILAMINATE GRIDDLE

Functional and beautiful with two unique types of stainless steel, for durability and easy cleaning, form a three layer griddle with the addition of aluminum for even and consistent heat distribution.

### UNSURPASSED CRAFTSMANSHIP

Superior Italian steelmaking craftsmanship ensures perfectly polished edges and smooth corners, concealing screws and welds for an impeccable finish.

### COOL TOUCH DOOR

4 layers of thermo-reflecting glass ensure the safety of a cool touch door while the oven is on - even at its highest temperature during the self-clean cycle.

### CONVENIENCE OVEN

Identically featured as its larger mate, but without meat probe, this self-cleaning, multi function convection oven does everything in a smaller space, adding efficiency and flexibility. It even has a telescopic rack.

### CAST IRON GRATES

Built to withstand searing heat and rapid temperature changes without losing their strength, continuous cast iron grates allow pans to be easily repositioned at your convenience.

### SIX BURNERS

6 cooking zones, each with Crescendo burners create 5 levels of cooking power. At each level, the perfect combination of power and even distribution of heat allows precise results from temper to sear with a maximum 20,000 BTU. A combination of burner rings at different levels controls the relation of the flame to the bottom of the cooking vessel, allowing whisper soft heat for melting or rendering to ultra high searing and deglazing.

### DUAL OVENS

Two self-cleaning convection ovens with multiple baking functions allow for ultimate flexibility, performance and capacity. Telescopic chrome oven racks allow for convenient inspection of dishes during cooking and effortless removal when done.

### SOFT CLOSING DOOR

Robust stainless steel oven doors with wide viewing windows get an assist from shock absorbing hinges, facilitating an effortless soft closing oven.

# SPECIAL TRILAMINATE STAINLESS STEEL GRIDDLE

COOKING

The ultimate in performance and beauty, heat is evenly and uniformly distributed across the griddle surface allowing for golden pancakes, perfectly crusted steaks, and everything in between. With an easy to clean surface, the griddle resists discoloration at even the highest temperatures to remain unaffected for years to come.

### GRIDDLE BURNER

11,500 BTU tubular aluminum burner with evenly distributed flame ports conducts heat to the griddle for optimal performance at maximum power. 2,000 BTUs at low power for more delicate foods. Sear a steak or make a golden griddle cake with ease.

### 3 METAL LAYERS GRIDDLE

#### 1 SURGICAL STAINLESS STEEL

Provides unrelenting protection against corrosion, pitting, and discoloration, this non-reactive surgical grade stainless ensures easy cleaning and durability.

#### 2 ALUMINUM

Allows for even heat distribution across the entire grilling surface from edge to edge for precise cooking and consistent browning.

#### 3 STAINLESS STEEL

Establishes a stable and rigid foundation for a consistently flat and enduring direct cooking surface.

# PROFESSIONAL PRO GAS COOK TOP

## STRONG, POWERFUL, DISTINCTIVE

With sleek lines, a continuous surface grate over powerful brass burners, and LED illuminated controls, the Sofia cooktop combines elegant design, responsive performance, and thoughtful convenience. Sofia enters a new realm with this low profile cooktop allowing design flexibility for your kitchen. Enjoy the power of a 20,000 BTU Dual Brass Burner of this Sofia cooktop while using the additional 4 Dual Stacked burners, designed to surpass all of your expectations. New Halo Effect knobs let you know at a glance if the gas is on or if residual heat is present, giving you peace of mind at every turn. Continuous cast iron grates offer an even cooking surface for easy movement of pans from burner to burner so that even your biggest cooking events can be handled with ease.

# HALO VISION

HEAT MADE VISIBLE

## HALO CONTROL

for when the gas is on

Have you ever walked away from your cook top forgetting a burner is on?

Whether you are searing a steak or tempering chocolate, the glowing halo of white light will alert you to a burner that is on. Walk away from the kitchen with confidence, knowing that your burners are safely off when the halo disappears.

## HALO SAFE

residual heat indicator

A Professional cook top would not be complete without powerful burners and strong cast iron grates. These grates can continue to radiate a heat, even after the burner is off. Protect yourself and your family with our Halo Safe system. A red Halo light around the control knob indicates the presence of residual heat at the grate.

# PROFESSIONAL ACCENTO

Inspired by traditional professional styling, our ACCENTO professional range features a classic bullnose design over elegant yet strong knob controls. The ACCENTO professional range will stand out in your kitchen with color kits that are customizable and allow for multiple variations of color expression. Newly designed continuous cast iron grids offer a safe support surface while ensuring the achievement of professional performance and optimal thermal dynamics.

ACCENTO's traditional bullnose allows this handcrafted range to be added to any package and becomes the perfect replacement range.

One piece matte black, porcelain burner bowl allows for seamless, easy cleaning. The matte black is a perfect complement to the grates and burner caps.

Accentuate the satin stainless steel finish of the ACCENTO range with a customizable color kit of your choosing.

# PROFESSIONAL HOODS 600 SERIES

Complete your powerful Sofia cooking suite with a matching wall mounted vent hood designed to keep your kitchen environment free from smoke, cooking residue, and excess heat. Motors in sturdy housings combine with Pro Baffle filters to quietly whisk away the effects of your culinary adventures. Your hood allows fresh air to circulate freely in your home, while overhead LED illumination highlights your Sofia cooking surface. Like jewelry for your home, hoods offer the very best of function and design. Your well ventilated kitchen will thank you for it!

## LED LIGHTING UNIFORM CONTROLS

To get the best possible view of your culinary creations while you work, illuminate the entire cooking surface with 6 high powered LED lights. When you are finished cooking, Sofia can bask in the lower level lighting, casting your kitchen as the star of your home.

## ADJUSTABLE DUAL MOTORS WITH DIRECT INDIVIDUAL MOTOR CONTROL

At the heart of the hood, dual motors are housed separately in sturdy bodies, keeping noise and vibration to a minimum. Quiet enough to be unnoticed even at its maximum 1000 cfm speed, the hood works hard to whisk away heat, smoke, odor and moisture, keeping your kitchen fresh and clean while you entertain your family and friends.

# PROFESSIONAL FRIDGE & WINE

## COLD TEMP. TOTAL CONTROL.

As beautiful as it is functional, the Sofia Professional Fridge and Wine Series features brushed stainless exteriors for maximum impact and a brilliant white aluminum interior. Food preservation is key and like the rest of the Professional Series, we combine the latest technology to ensure the highest performance.

Dual compressors provide independently controlled cooling zones with consistent and precise temperatures throughout, to ensure that the finest foods and wines stay fresher longer.

Robust doors on the Fridge and triple layer UV protected glass on the Wine Cellar protect contents from external temperature and humidity changes which can be damaging to your stored items.

NEW

# PROFESSIONAL FRIDGE & WINE

## FLEXZONE

Fridge, Fresco, or Freezer: you can decide on a whim! Need more space for cold drinks? Turn the bottom Flexzone drawer into a Fresco compartment through a simple menu. You have the flexibility to manage your food preservation how you desire.

## ICE MAKER

Located in the upper section of the Flexzone drawer, the ice maker uses purified water from the integrated filtering system to produce up to 2.2 lbs of your desired sized cube. Activate SuperIce and increase ice production to 3.3 lbs.

## WINE CELLAR

Natural beechwood shelves accommodate various sized bottles for secure storage and can even be completely removed for greater flexibility. In addition to humidity and temperature control, Wine Cellars utilize anti-vibration technology and triple pane bronze glass doors to reduce UV rays, protecting your wine collection from external conditions.

## TOUCH CONTROL PANEL

Everything is under your control with just a touch on the Creactive display.

## INTUITIVE

It only takes a moment to easily find the desired function.

## MULTITASKING

All functions help to get the best results while preparing your recipes.

## CUSTOMIZABLE RECIPES

Recipes to suit every palate have been pre-programmed, but you can modify and customize them to your specific requirements.

## OUR CREATIVE CONTROL SYSTEM COMBINES MODERN TECHNOLOGY WITH SIMPLICITY

The CREATIVE operating system combines technology with ease of use.

The touch screen simplifies the programming process of the ovens and enhances performance by reducing energy consumption and increasing cooking functions.

# CREACTIVE CONTROL SYSTEM

## ASSISTED COOKING FUNCTION

No more doubts when picking the most suitable cooking function for your meals. Just select the recipe on the display and the oven will automatically initiate the best program. You can modify pre-set recipes to create your own by adjusting cooking times, weights and temperature.

### MULTI-LEVEL COOKING MODE

Internal heat remains constant throughout the oven, while aromas and flavors kept separate thanks to the fan assisted system.

### BROIL

The most effective way to brown the exterior of a steak or roast while locking in juices to retain moisture and tenderness.

### BAKE

Optimal for perfect baking: flavors blend effortlessly with consistent even heat throughout the oven cavity.

### PIZZA MODE 590°F

Simultaneously bake two pizzas in only two and half minutes with the maximum temperature of 590°F (310°C).

### CUSTOMIZABLE RECIPES

Cooking times and modes have been preprogrammed, but you can modify and customize your recipes to suit every palate and need.

### SELF-CLEANING

The pyrolytic Self-Clean function, selected directly from the display, consists of heating the inside of the oven to very high temperatures in order to burn off any excess grease and food residue. At the end of the procedure, just wipe the remaining residue ashes with a cloth without the use of chemical detergents.

# CREACTIVE OVENS

## CREACTIVE OVEN CHARACTERISTICS

### EXTRA LARGE CAVITY

Imagine the efficiency of being able to use multiple levels of a huge oven at once. We consider it an advantage, don't you?

### HALOGEN LIGHTS

# DISTINTO GAS COOKTOPS 400 SERIES

The 400 series "Largo" cooktops utilize the most advanced technology available and combine this with a classic Italian design, resulting in a cooktop that not only performs magnificently but also looks spectacular. A design that lends itself to countless application possibilities, the 400 series cooktops also take cooking and maintenance needs into consideration.

All grates are separated in sizes that make them easy to handle and remove for cleaning. The burners are well oriented for ease of use, with unique configurations like a wok burner and fifth burner on a 30" unit, making this cook top one of the most versatile in the category. Explore the Largo cooktop family and enjoy the possibilities; buon appetito!

# DISTINTO GAS COOKTOPS 400 SERIES

## CONTINUOUS GRATE SURFACE

Move from one burner to the next with ease and safety.

## DUAL BURNER

Fulgor-Milano uses a dual-flame European-style sealed burner to deliver a wide range of heat.

## SPACE FOR WOK

Our unique configurations allow you to have all the space needed for large pans or even a wok.

## EUROPEAN SEALED BURNERS

Designed with only two removable parts, our sealed burners keep spills from leaking inside the cooktop. High quality aluminum.

# **DISTINTO** **INDUCTION** **COOKTOPS** **700** **SERIES**

Our 700 series induction cooktops follow the same design criteria of all our Fulgor-Milano products; style, function, and performance are at the heart of this product. Like our radiant touch cooktops, the induction units are finished with a subtle yet elegant aluminum trim that exudes luxury while offering all of the features you expect from a premium cooking appliance. Our induction cooktops offer the power and control of a gas cooktop with the cleanability of a radiant cooktop, giving you the best of both worlds. From tempering fine chocolate, braising a classic Os-sobuco, or bringing a 15 quart stock pot to boil in minutes, the possibilities are endless with our induction technology.

# DISTINTO INDUCTION COOKTOPS 700 SERIES

## EXTRA LARGE ZONE AND BRIDGE ELEMENT

Maximum flexibility in how you use the cooktop.

## SLIDE TOUCH CONTROLS

Each cooking zone has its own slide touch control for precise selection of power.

## INDUCTION

The pan creating its own heat means cooking safely without compromise. Since there is no heat transfer from a conventional burner through the glass, induction cooking surfaces use the exact amount of energy needed - no more, no less!

## FRAME

Aluminum frame stainless steel color: Sophisticated and functional! Adds a touch of elegance while protecting the glass edge.

## LOW TEMPERATURE FUNCTION

Low enough to temper chocolate or hold delicate sauces without using a double boiler.

# DISTINTO RADIANT COOKTOPS 300 SERIES

Our 300 series cooktops offer the same elegant European design and family line as our radiant touch and induction cooktops but in a package that offers great value and performance to the consumer. The manual controls are reliable and accurate and continue to be the most user friendly of all control systems available today. Even the most discerning cooks will be impressed with the functionality and performance of this mainstay. Like all Fulgor-Milano cooktops the 300 series offers a shallow profile for countless installation options.

# DISTINTO FRIDGE & WINE

## COLD TEMP. UNDER CONTROL.

The fridge was developed to be optimized for complete integration and designed to offer maximum storage capacity. The dual-movement hinges ensure that all the fridge drawers extend fully when open. The interior is a brilliant white, for striking effect.

Fulgor Milano Wine Cellars store wine under ideal conditions, designed to eliminate the four enemies of wine: heat, humidity, light, and vibration. With all of the functional and aesthetic features of our refrigerators, significant attention was paid to the added features of customized humidity and temperature control, ensuring the optimal environment for aging your wine collection.

# DISTINTO FRIDGE & WINE

## DUOPRO

Dual variable speed compressors and two dedicated evaporators ensure smooth, quiet, energy efficient operation.

## SOFT-CLOSING SYSTEM

State-of-the-art mechanisms ensure the slow and silent closing of drawers and doors every time.

## INTERIOR CONVENIENCE

Brilliant white aluminum interior walls combine with a powerful LED lighting system to create a striking effect and a bright interior. With a state of the art adjustable glass shelving system and door bins, convenience is key while the advanced refrigeration system keeps your food fresher longer.

## OPTIVISION

The Optivision lighting system uses modern LED technology to ensure an optimal view of the interior. Ten LED arrays light the refrigerator compartment from above, while 7 individual spot lights illuminate distinct areas of the fridge and fresh food compartments and Flexzone drawer.

## CUSTOM SIZED ICE

With the Ice Maker menu you can choose the size of the ice cubes produced automatically between large and medium.

## WINE CELLAR

The electronic control enables the preferred humidity level to be chosen, between high, medium and low, ensuring the correct preservation of corks, a fundamental element for the storage of fine wine. Not just tasting temperature: the Cave storage compartment can also be used to store red wines to be aged over a long period thanks to the accurate temperature and humidity control.

# A FAMILY A PASSION

There are few places in the world where food has been the very backbone of a culture like it has been in Italy for centuries. A passion for cooking, creating and using local ingredients, has inspired generations of Italian families and has made the kitchen the heart of the home. The aroma of long hours of food preparation, tables filled with recipes handed down generation to generation, accompanied with the perfect local wine are moments that linger in our memories and give us a sense of home even when we are far away. These things are what being Italian is all about. The Meneghetti Family has brought us the Fulgor Milano line of products so that we too may be inspired to cook and create with this same passion at home. Every Fulgor Milano product has been designed and developed to not only meet or exceed expectations of performance and quality, but also provide a design that is uniquely Italian.

# DESIGNED IN ITALY

UGO MARINELLO

IDA Award winning designer Ugo Marinello is passionate about his work and his desire to synthesize modern rationality with traditional design. A graduate of IUAV in Venice, he draws inspiration from the unique architecture of that city, using it as a foundation to bring innovative yet timeless design and quintessential Italian spirit to your home and kitchen throughout the Fulgor Milano line.

ALFRED HENDRICKX

Known internationally for his mid-century furniture collections, designer Alfred Hendrickx began incorporating the strong lines of industrial styling and materials like stainless steel early in his career. After many successful design collaborations in Europe, he turned his attention to the design of household appliances, notably marrying modern form and function for Meneghetti and Fulgor Milano.
