

## Carbon Filter Kit

**FCHF ARIA+**

- Matte Black Finish
- Oven Regenerable Kit
- Easy Installation

## FEATURES

The Activated Carbon Filter Kit (regenerable) for Cooktop is the ideal solution for ensuring clean, odor-free air in your kitchen. This advanced filtration system is designed to fit your Aria+ cooktop, offering excellent performance in removing unwanted particles and lingering odors during cooking. Activated carbon filters effectively capture impurities and odors, ensuring that the air in your kitchen is fresh.
