## Features

The Professional product line, dedicated to built-in, offers to the most demanding customers the possibility of placing products in columns, for example by combining the 30" oven with products from the same line such as the steam oven, microwave oven and warming drawer, allowing thus obtaining extraordinary aesthetic and cooking results. The microwave oven has 10 cooking functions, among which we mention for example the combined cooking capacity, microwave, grilling modes and AirFry cooking. The digital control allows the use of programs predefined cooking modes as well as the possibility of creating new recipes. The standard accessories include a glass turntable plate, a stainless steel tray, a flat grill rack and a round grill rack.
