

# NEW ACCENTO RANGE: DETAILS THAT MAKE THE DIFFERENCE

---

5 March 2019

At the 2019 KBIS in Las Vegas, Fulgor Milano presented the new Professional Range Series "ACCENTO".

Inspired by traditional professional styling, our ACCENTO professional range features a classic bullnose design over elegant yet strong knob controls. The bullnose allows this handcrafted range to be added to any package and becomes the perfect replacement range.

Newly designed continuous cast iron grids offer a safe support surface while ensuring the achievement of professional performance and optimal thermal dynamics.

One piece matte black, porcelain burner bowl allows for seamless, easy cleaning. The matte black color is a perfect complement to the grates and burner caps.

The ACCENTO professional range will stand out in your kitchen with color kits that are customizable and allow for multiple variations of color expression.

Adding an "accent" of color has never been easier with Fulgor Milano's unique color kit system for the ACCENTO range. Each color kit comes with a matching door, toe kick and control panel accent trim providing endless possibilities to mix and match.

If beauty is in the details, there is no question our new ACCENTO range is ready for the red carpet. The sculpted lines of the handles and grates, the symmetry of the lines from top to bottom, no detail was overlooked.
